₹20,889.7

## Top Flight Routes

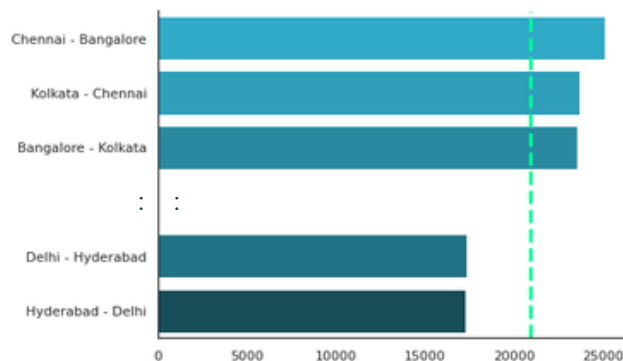

## What is the difference in ticket prices between Economy & Business Class?

Economy class has a wider price range than business class. There is a very significant difference in ticket prices for economy and business class passengers.

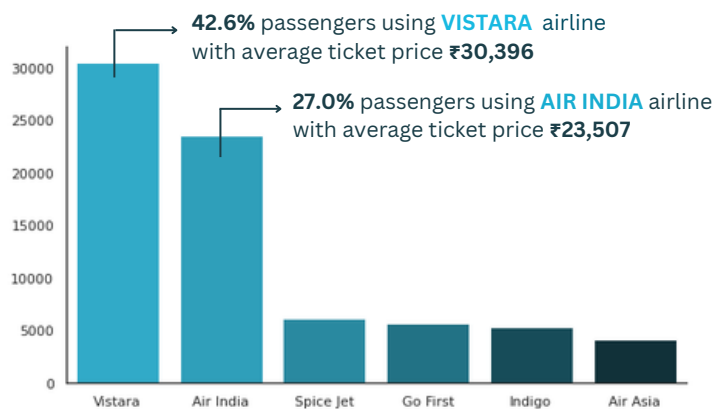

## How prices change accordingly Source & Destination City?

18 of 30 flight routes have average ticket prices over ₹20,889.7

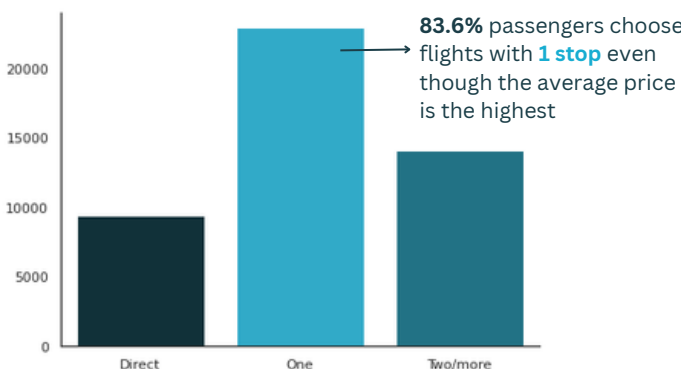

## Does the ticket price vary with Airline?

The ticket price vary with Airline, especially Vistara & Air India. The average ticket price for Vistara & Air India over ₹20,00, while other airlines are even less than ₹7,000.

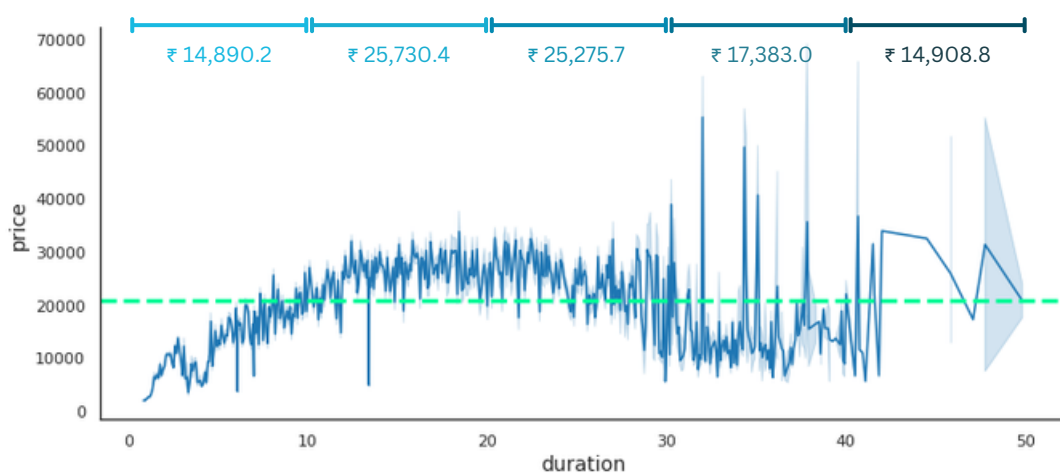

## Is the ticket price affected by the number of Stops?

The price is not greatly affected by the number of stops or transit. It can be seen that average ticket prices tend to be higher for 1 transit than direct flights & 2 or more transits.

## Is the ticket price affected by the Duration of flights?

The Shortest Duration

49.8 minutes

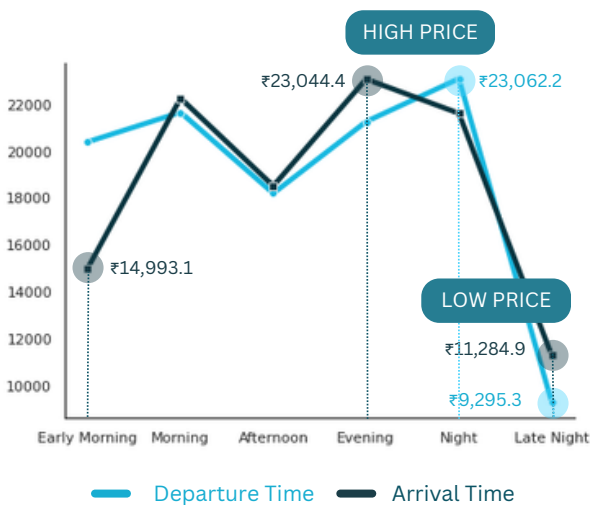

The Longest Duration

49.8 hours

The ticket price is affected by the duration of flights. The duration shows that the price gets higher the longer the trip, but the price starts to decrease at 30 hours duration and so on. However, for a duration of more than 30 hours there are several prices that increase, possibly influenced by the number of transits.

## Does the ticket price change based on Departure & Arrival Time?

There are several significant price difference in flight time, especially at early and late time.

## How does the ticket price affect if it is purchased far or near departure (Days Left)?

D-2 ticket prices increased drastically

D-16 ticket prices start to decrease below the average price
